METAMORPHOSIS RETREAT 2024

Feb 10 Sat - Feb 17 Sat

PUERTO RICO El Yunque Rain Forest

Hi beautiful being!!! We welcome you to this life changing amazing high vibrational retreat on the beautiful island of Puerto Rico.

This will be a life changing time of your life and it will be very powerful and probably one of the most amazing experiences in your life. It's time to find your purpose, to fully live in your highest potential, to ascend into happiness, love, finding clarity, empowerment, joy, prosperity, peace, unblocking blockages, reversing age, letting go of guilt and trauma and reversing pain, receiving wisdom to be more healthy, letting go of what no longer serves you and feeling amazing!!!! It's time. The work we do is beyond our belief and very effective in a very short amount of time. This retreat is meant for the person who is ready to make a leap of faith on changing and ascending into a more fulfilling life.

I'm going to tell you the truth. This will be one of the hardest but most rewarding times of your life. Ayahuasca changed my life. I am deeply in gratitude for her teachings. She showed me what trauma was holding me back. The sadness and pain that was deeply embedded into my vessel. But when I said yes, then it all started. I was finally on the path of finding out who the f' I am... And for the ones who know me... Know.. I f'ing am so happy I did. So, let us guide you, hold your hand, show you, how beautiful this world really

is.

MEALS AND LODGING

We booked a private COUNTRY house in the El Yunque rain forest. It is a 3 star house. If you only like 5 star lodging then this is NOT for you. Lol. We are staying in nature. It is absolutely beautiful. We will be working in the energy Vortex. It is quiet, plenty of space, surrounded by plants and birds singing. All diets will be accommodated the best we can. The meals will be gluten free and vegan as we will be on an Ayahuasca dieta. Lodging and meals are \$999 and due a week before the retreat. There is only shared lodging.

Massages and other experiences will be optional

TIPS

For international travelers. You fly into San Juan International airport. Flying from SFO if you are in the SF bay area as it has the best flights. From San Juan to our AIRBNB in the rain forest where we are staying is about an hour not including traffic. Getting to the retreat is your responsibility. We can schedule a taxi for you.
